VILLA GEORGE - CONTEMPORARY VILLA WITH SEA VIEWS IN SIERRA BLANCA, MARBELLA

Set in the prestigious gated community of Sierra Blanca, this fully renovated residence combines contemporary design with the timeless appeal of Marbella's hillside living. Its privileged position beneath La Concha mountain offers privacy, serenity, and beautiful sea views, all just minutes from Marbella's city centre, Puente Romano, and Puerto Banús.

Completely refurbished in 2025, the villa features clean architectural lines, bright open spaces, and a natural flow between interior and exterior living. The new main entrance on Rossini Street welcomes you through lush gardens and a decorative waterfall, while the former access on Sibelius Street remains ideal for staff or guests.

Spread across three levels, the home offers comfort and style throughout. The main floor includes a high-ceilinged entrance hall, an elegant open-plan living area with dining room and modern kitchen, and a guest suite. Upstairs, three bedrooms share a spectacular terrace with panoramic sea views stretching to Gibraltar and the African coast. The master suite exudes warmth and understated luxury with its private bathroom and refined finishes.

The lower level is dedicated to leisure and wellbeing, featuring a sauna, hammam, gym, wine cellar, and an additional guest bedroom. A bright garage with a glass door adds a modern touch. Outside, the pool, jacuzzi, and covered terrace create an inviting setting to enjoy Marbella's outdoor lifestyle.

Equipped with underfloor heating, air conditioning, and advanced home systems, this residence represents effortless comfort in one of Marbella's most exclusive addresses — a home where design, nature, and privacy coexist in perfect harmony.
