DESCRIPTION

Modern apartment with sea and mountain views, located in Los Granados, within the prestigious Palo Alto residential resort, in Ojén (Málaga). The property enjoys a privileged dual orientation, with open views over the Mediterranean Sea and the natural surroundings of Sierra Blanca, and 148 m² of built area.

The layout, efficient and well-resolved, offers spacious living areas with direct access to the 44 m² terrace, en-suite bedrooms and high-quality finishes.

The contemporary design, in light tones and clean lines, ensures brightness throughout the day and an elegant, timeless atmosphere. The terrace, covered by a contemporary pergola and protected by a glass railing, constitutes a natural extension of the living room and a differentiating feature compared to other properties in the urbanisation.

An ideal space for outdoor dining areas and chill-out zones, with unobstructed panoramic views. Palo Alto is a gated complex with 24/7 security, designed by architect Manuel Ruiz Moriche, with a level of services rarely seen on the market: its own gym and spa, padel and tennis courts, kids club, co-working spaces and concierge service.
