Las Villas de los Álamos is an elegant residential complex of 49 villas designed by the architectural studio Torras y Sierra, combining traditional style with modern comfort. Located in Sotogrande Alto next to the prestigious La Cañada golf course, the development places the surrounding natural environment at the centre of its design. Gardens, greenery, and outdoor spaces shape the architecture, giving life to what the project defines as “a garden with houses.” The promotion stands out for its exclusivity, sustainability, and villas designed to blend naturally within a secure, private setting.

The new homes are offered in three main typologies: Patio Houses, Garden Houses, and Detached Villas, each designed to provide comfort, privacy, and generous outdoor living. Interiors are bright and well-proportioned, featuring spacious living areas, fully equipped kitchens, and main suites that serve as a calm retreat for family life. Terraces, gardens, and private pools extend the living space outdoors, making it easy to enjoy the climate and the beautiful surroundings.

Sotogrande Alto offers an exceptional family lifestyle: the villas are close to international schools, sandy beaches, restaurants, everyday amenities, and world-class golf courses. The location is also very convenient, with Gibraltar Airport just 40 minutes away and Málaga Airport around one hour, providing easy access to the rest of the Costa del Sol. Las Villas de los Álamos are perfect for families looking for a permanent home or a second residence, combining peace, natural surroundings, and access to the best of Sotogrande.
